Notes:

Activations

- **Activations per user:** ClickAway can be installed on up to 4 computers for each user. Taking level C as an example (up to 9 users), each user can install on up to 4 computers making a total of 36 activations.
- **When uninstalling ClickAway,** do so when connected to the Internet. This will ensure that the number of activations available is restored.
- **Managing activations** — It is up to the licence holder to manage the number of activations.

Pricing

- Multiuser discount pricing is based on the lower number of the range of users. Taking level D as an example (10-24 users), the pricing is calculated on 10 users, meaning that you can install ClickAway for up to 24 users (a total of 96 activations) at no additional cost.
- Prices are valid until 31Dec 24.
